Your Responsibilities

As a NetSuite Systems Administrator you are responsible for both the deployment & implementation of NetSuite as the group (financial) ERP system as for user training & support.

You work together with the local teams in order to deploy and optimize the system as much as possible, which typically entails:

- Scoping business requirements
- Architecting
- Configuration & testing
- Implementation
- Training & post go-live support

As the central person you have a crucial role in architecting the system and optimizing business processes.

Your qualifications

- A Bachelor in Information Technology or equivalent related work experience.
- Affinity with disciplines Finance and Operations.
- NetSuite knowledge & experience is a strong plus.
- 2 years of related work experience.
- Analytical thinker with excellent problem-solving skills.
- Having a service-minded attitude, good verbal & written skills and the ability to operate independently in a very internal organization.
- English must be perfect, knowledge of other languages is a plus.

What we offer

- A competitive salary in accordance with your experience.
- Excellent terms of employment in a successful and growing global company.
- Informal yet professional work climate and variable working-hours.
- At HYBRID Software we value our customers and our employees. We have a flat organizational structure and we strongly encourage any initiative coming from our people.

Don't hesitate to send your resume to info-eur@hybridsoftware.com or to contact us on T: +32 9 32 9 57 53 in case you have any questions.
